THE BATHROOM

Collection

We are delighted to introduce our new Bathroom Collection brochure.

Our pages are packed with the latest trends and ideas to suit all styles and tastes whether modern or traditional.

So start imagining the bathroom of your dreams , choose your style and simply make it a reality with the new 2019 Bathroom Collection.

Wastes	25

CLOSE TO WALL

Close to wall pans are designed so that the pan sides fit flush with the wall so that all pipework is hidden from view.

BACK TO WALL

Back to Wall pans (BTW) are designed to be fitted against a wall or WC unit with the cistern and pipework concealed.

COMFORT HEIGHT

The same design as a standard (C/C) but the height has been raised, making it more comfortable for those who are taller as well as the elderly.

SANITARYWARE 2019

Add a little style and flair to your new bathroom by choosing from one of our 12 sanitaryware suites. Our ranges are packed with close coupled, BTW and wall hung options or why not try new rimless for the easy clean option. Inside there is something for everyone.

HANDLES, WORKTOPS & BASINS

All Equation units are supplied with matt chrome rear fixed handles as standard. You can upgrade your handles to achieve your desired look.

See page 91

Add the basin and worktop of your choice for the ultimate in flexibility.

See pages 25 & 90

HORIZON

Fitted Furniture

NEW

CLAYSTONE

Horizon fitted furniture units are water resistant, available in 5 colours in both 350mm & 220mm (slimline) depths. Don't forget to order handles and a worktop (pages 90 & 91)

Available in 5 colours.

MADE IN UNITED KINGDOM

HOW TO ORDER YOUR HORIZON FITTED FURNITURE

STEP 1 Measure your available space and select your colour, combination of base units and required depth (either standard 350mm or slimline 220mm).

STEP 2 - If your run of base units has an exposed end (or both ends) - excluding tall units, then select a colour matching end panel (or panels) - either 350mm or 220mm depth. This is not required if your units are fitted against a wall. Alternatively you can use a colour matching infill panel if there is a small space between the end of your unit and the wall to cover the gap.

STEP 3 - Select a colour matching plinth to hide the adjustable base unit feet (supplied).

STEP 4 - If required, select your combination of wall units. These are all 220mm deep and are suitable for both standard 350mm and 220mm slimline base units. A colour matching end panel is not required for wall units.

STEP 5 - Choose your required quantity, style and size of handle for your units (see page 91 for handle options).

STEP 6 - Choose your worktop length, colour and depth (see page 90 for worktop options).

STEP 7 - Choose your semi recess basin (see page 25 for basin options). Please note only the slimline basin (HOR5521B) is suitable for the slimline worktop (220mm). Matching bath panels are available (see page 33). Don't forget to order a BTW pan, concealed cistern and mono basin mixer.
