## Guide to WCs

Which WC Pan is right for you? See our options below.

### Close Coupled (CC)

A standard Close Coupled WC, the cistern is visible for ease of access, and mounted directly to the pan.

### Close to Wall

Similar to a CC WC, but the pan extends back to fit flush with the wall so that all pipework is hidden from view.

### Comfort Height

A CC or BTW pan with a raised height, more comfortable for those who are taller or have mobility issues.

### Back to Wall (BTW)

The cistern and pipework are hidden within the wall or a WC unit - requires a separate concealed cistern.

### Wall Hung

Mounted to the wall with pipework hidden inside - requires a concealed cistern or an in wall frame.

All our ranges feature soft close seats, with a quick release mechanism for easy removal for cleaning.

As the name suggests, Rimless WC's lack the traditional rim, making them easier to keep clean, as well as saving water via direct flush technology. They look sleek and stylish too! Look for the symbol above for rimless pans.

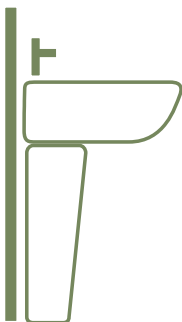

Kameo Rimless Close to Wall WC with Semi Pedestal Basin

## Guide to Basins

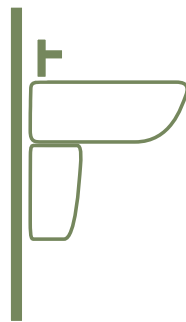

Looking for a vanity unit with an integrated basin? See our furniture range from page 24.

### Pedestal

A standard basin resting atop a full pedestal which supports the basin and conceals the pipework.

### Semi Pedestal

A wall mounted basin taking advantage of a smaller pedestal to conceal pipework.

### Semi Recess

A low profile basin mounted into a worktop with the pipework concealed inside a vanity unit.

### Countertop

A standalone basin which sits on a worktop. - pair with a hi rise basin mixer (see page 120) for a stylish solution.

BATHROOM FURNITURE

ZANETTI®

- This statement modular range is available in a variety of wall mounted and floor standing styles, in 7 stunning finishes.
- Customise your furniture with a choice of basins and handles - see opposite.

## Finishes

- Choose from our range of gloss, matt and textured finishes and pick your units - see the following pages:

Gloss White  
pg 66-67

Gloss Light Grey  
pg 68-69

Gloss Mid Grey  
pg 70-71

Matt Mid Grey  
pg 72-73

Concrete  
pg 74-75

Urban Grey  
pg 76-77

Driftwood  
pg 78-79

## Basins

- Each vanity unit comes with a choice of basin - choose your preferred style:

Slimline Basin - 18mm thick

Thick Edge Basin - 50mm thick

## Handles

- Once you've chosen your units, choose a style of handle. You'll need one for each door - Column units are push-to-open and do not require handles.
- For additional handle options, see page 87.

## How to order your Horizon fitted furniture:

1. Select your combination of base units: choose Standard (350mm) depth (page 81) , or Slimline (220mm) depth (page 83). Units of various widths can be combined to fit the space in your room.
2. If required, choose from our selection of 220mm deep wall units (these are suitable for both 350mm and 220mm base units) - see page 85.
3. For any exposed ends, choose an end panel of the same depth and colour. Alternatively, choose a matching infill panel to cover any small gaps between base units and their adjacent wall. Then, select a colour-matching plinth to hide the supplied adjustable feet.  
Note: Wall and tall units do not require end panels.
4. Choose your handles. One handle will be required for each door or drawer, usually more than one per unit. - see page 87.
5. Choose your worktop: Select either Standard or Slimline to match your base units, and choose a length and colour - see page 87.
6. If required, choose bath panels to match your fitted furniture. - see page 86.
7. Choose a semi-recess basin from our sanitaryware range (page 23) and add a mono basin mixer (page 120).  
Note: only the slimline basin (HOR5521B) is suitable for 220mm worktops.
8. Don't forget to order a back to wall pan (page 20) and concealed cistern (page 21) to complete your room.

All Horizon units are  
Water Resistant

To complete your look add a freestanding bath shower mixer from our elegant brassware selection. See page 120 for more information.

**Pure Freestanding Bath**

Freestanding Bath (includes pre-fitted waste)  
1700 x 800mm  
BAT197PU £1297.00

# WHIRLPOOL

## AND AIRSPA SYSTEMS

- The perfect finishing touch adding a little extra luxury to your bath with a whirlpool or airspa system.
- Each offers a different sensation - whirlpools massage with jets of water while airspas bubble air through from the base of the bath. Why not combine both for the ultimate relaxing soak?

### Whirlpools and Airspas

|                                    |         |

# OCEAN 6+

## SLIDING DOORS

- 1850mm high, 6mm thick easy clean toughened safety glass
- Reversible doors can be fitted right or left handed.
- Generous wall adjustment allows the frame to fit against out of true walls.

**NEW**  
for 2021

### Convenience and Luxury

With easy clean glass and clip out metal door runners, it's simple to keep these doors spotless. The high quality smooth sliding doors ensure comfort and ease of use.

### The perfect fit.

Create a statement enclosure with our frameless side panels, or fit the doors in an alcove for a self contained solution.

### Sliding Doors

## PIVOT DOORS

- 1850mm high, 6mm thick easy clean toughened safety glass.
- Reversible doors can be fitted right or left handed.
- Generous wall adjustment allows the frame to fit against out of true walls.

**NEW**  
for 2021

### Versatile Design

Fit a standalone pivoting door in an alcove for a comfortable space saving shower or add a frameless side panel for an elegant enclosure.

### Maximise your space

The pivot mechanism mounted on the top and bottom of the door allows the door to swing open in a compact arc, perfect for corners and other small spaces.

### Pivot Doors

|                                   | Adjustment | Aperture |         |

# OCEAN 6+

## BI-FOLD DOORS

- 1850mm high, 6mm thick easy clean toughened safety glass.
- Reversible doors can be fitted right or left handed.
- Generous wall adjustment allows the frame to fit against out of true walls.

**NEW**  
for 2021

### Comfort and Convenience

With easy clean glass and clip out metal door runners, it's simple to keep these doors spotless. The high quality smooth sliding doors ensure comfort and ease of use.

### Compact and Stylish

The bi-fold hinge allows the door to open inward, meaning it requires no more space than the shower tray itself.

### Bi-Fold Doors

|                                   | Adjustment | Aperture |         |

# KONCEPT SHOWER ENCLOSURES

- 1850mm high, 6mm thick glass doors with smooth sliding action.
- Clear glass with stylish frame and handles in a chrome finish.
- Available in a range of sizes with generous wall adjustment, and optional extension profile for sliding, hinged and bi-fold doors.

**NEW**  
for 2021

## Koncept Quadrant Enclosures

### No Compromise

Quadrant enclosures take up less space compared to an equivalent rectangular or square enclosure, while still offering ample room to shower comfortably. Fitted in the corner of your room, these eye-catching enclosures make a stunning focal point.

### Quadrant Enclosures

|                          | Adjustment | Aperture |         |
|--------------------------|------------|----------|---------|

## Koncept Sliding Doors

### Sleek Space-Saving

A sliding door paired with a large rectangular tray allows a generous opening without ever protruding into the enclosure or out into your bathroom. Install on their own in an alcove, or pair with frameless side panels (see opposite).

### Sliding Doors

|                                                         | Adjustment  | Aperture |         |

## Koncept Hinged Doors

## Koncept Bi-Fold Doors

### Elegant and Compact

Koncept Hinged and Bi-Fold doors both offer statement space saving showering solutions, best suited for square or smaller rectangular trays. Hinged doors swing open in a graceful arc, providing the most generous door aperture, whereas the bi-fold door opens inward without protruding into the room. Both can be fitted independently in an alcove, or can be used with our frameless side panels (see below) to create an enclosure.

### Hinged Doors

|                                                         | Adjustment | Aperture |         |

## Koncept Side Panels

### Stylish and Versatile

Pair frameless side panels with any Koncept sliding, hinged or bi-fold door to create an elegant enclosure. With a generous 25mm adjustment, there's no need to worry if your walls are out of true, and the minimalist frameless design suits any room.

### Frameless Side Panels

# LADDER

## STRAIGHT RAILS

### 22mm Gloss White

The gloss white finish provides a greater heat output than matching chrome rails.

### 25mm Chrome

25mm rails provide a greater heat output than the equivalent 22mm rail (around 15%) depending on dimensions.

## CURVED & ELECTRIC RAILS

### 22mm Electric Rail

Electric rails don't require plumbing, making them easier to install. Independent of any central heating, they can be separately controlled.

### 22mm Curved Rail

A curved rail allows more space for towels, and more airflow between the radiator and wall, as well as adding a unique touch of style.
