INSPIRATIONAL BATHROOM SURFACES

WHAT MAKES A MERMAID PANEL UNIQUE?

We don't like grout, who does? It takes a long time to apply, it's a nightmare to clean and after a while it just goes mouldy. There's no grout used with our products, so that means no more mould.

Mermaid Brilliance panels give the look of glass, but come with the benefit that they can be cut on-site and require no specialist tools, making your installation quick and easy. Our Metro Tile and Timeless Trade ranges can also be cut simply and quickly on-site, making installation a breeze.

Mermaid panels are so much quicker to fit than tiles that it'll save you money and the effort of getting someone in for long periods of time.

Mermaid panels are easy to keep clean with a simple wipe of a non-abrasive cloth and non-bleach bathroom cleaner.
